**Missing 3 or More Homework Assignments**

Recently I missed my third (or more) homework assignment of the quarter. At the beginning of the school year I was informed that if all homework assignments were completed, I would receive at least a C in that class for the quarter. However, due to not completing those assignments, I know that that guarantee is no longer possible. My teachers also told me that extra credit would not be given to replace homework assignments that I chose not to complete. I know that my team teachers have created a schedule so that I don't have homework in every class every single night and that typically these assignments should take from 15 to 45 minutes to complete.

I understand that the purpose of homework is to gain further practice on the concepts we are studying in class. I also know that these assignments are helping me to develop independence and responsibility in completing work on my own. It is through these homework assignments that my teachers are able to assess my progress and better plan and meet my academic needs.

I, \_\_\_\_\_, have read the above statements and understand that I need to follow the rules.
