Write the following paragraph \_\_\_\_\_ time(s).

### Tardy to Class

Today I was late to class for the third time this quarter since I was not completely in the class when the final bell rang. I realize that I am held accountable to be on time to all of my classes. By being late to class, I am losing valuable time-on-task. Wasting pertinent class time not only affects me but also the rest of my classmates infringing on our right to learn. It has been proven that time-on-task influences student achievement. By entering the classroom late, the concentration of other students was disturbed because the teacher had to stop, speak to me about being late, and explain the directions to the class activity once again. I truly understand and believe that the four minutes between classes is enough time to go to the bathroom, get a drink of water, and walk from one classroom to the next. I need to remember that I have time before, after, and during courtyard time to socialize with my friends.

I, \_\_\_\_\_, have read the above statements and understand that I need to follow the rules.
